RE: Les Mason

Your Honor,

I write to you with genuine concern over the sentencing of Les Mason. I am presently his friend and Pastor. I have known him for three years and his parents for twelve years.

Please consider mercy in your sentencing for the following reasons:

1. He does not have a history of similar crimes - or any other.
2. His likelihood of repeating this behavior is negligible for the following reasons:
 - 1). Les is remorseful
 - 2). He is truly repentant of the sins and the law that he has broken.

Thank you for this consideration,

Pastor Ron Coppock
